

Partnership, Patience, and Experience in the Lower Middle Market

The Zabel Companies is a private investment firm dedicated to partnering with teams to invest in and build companies over the long term. Whether through a buyout, recapitalization, or injection of growth capital, Zabel's strategy is to work closely with

management to steadily grow businesses and build value for all parties involved. Zabel focuses on investing in family and founder-owned businesses and builds partnerships with management based on trust and alignment.

Investment Criteria

Business Characteristics

High quality product or service offering, opportunities for growth, long-standing and diverse customer relationships, strong position within an industry, and good cash flow characteristics.

Management & Ownership Situation

Zabel prefers to partner with management teams interested in ownership and remaining involved in the business. However, we can accommodate management transitions within reasonable timeframes.

Size

EBITDA greater than \$3.0 million and less than \$8.0 million
